Jump Rope for Heart at Coventry Grammar School

During the month of February the students and families at Coventry Grammar School (CGS) raised \$2,942 for the American Heart Association through the annual *Jump Rope for Heart* initiative. The students at CGS certainly enjoyed the heart-pumping stations and jump rope activities that were taught by physical education teacher, Mrs. Barbara Caldwell, and supported by the CGS PTO.

These activities are designed to promote the value of physical activity to increase the student's understanding of the importance of building healthier lives. We know that our students truly learned many valuable lessons during these exciting lessons.

The American Heart Association believes it takes a heart to be a hero! We appreciate and are thankful for all the heroes at CGS!!

If you have any questions or need further information, please contact the Coventry Grammar School at 860-742-7313.
