

# Kindergarten Field Trips

Dear Families,

In accordance with our school system's policy, students must be transported on school buses on all field trips. Consequently, families will be charged a fee to cover bus costs. There are school funds available to assist families who are unable to afford these fees. Contact your child's teacher regarding this matter.

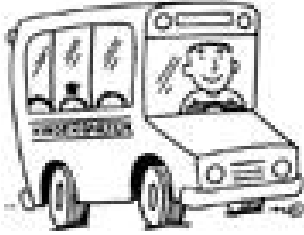

Trips that are tentatively planned for this school year include: Crooke's Apple Orchard in September, Hurst Pumpkin Farm in October, the Booth & Dimock Library in November, Highland Park Market in March and the UCONN Animal Barns in May.

A limited number of parents per class will be designated as chaperones to accompany us on the bus during each trip. In fairness to all, this will be done on a rotating basis among those parents who indicate an interest. Siblings are not allowed to join our classes on field trips.

We hope that our trips will be as informative and enjoyable for chaperones as they are for children. Chaperones are asked to keep close track of the children in their group on the bus ride and at our destination. The children may need assistance while they are listening, observing or experiencing something on the trip. Do not feel that you must discipline children. The teachers will do this in accordance with school policy. However, please do

Speak with a teacher should you have difficulty with a student or observe inappropriate behavior while on a field trip.

Please feel free to contact your child's teacher directly should you have any questions about this policy. Thank you for your cooperation and support.
