

Our Trip To Hurst Farm

Ms. Bitwinski's Kindergartners

September 29, 2009

We climbed aboard the wagon and were off!
Our hayride took us all around the farm.

There were pumpkin-eating pigs!

Farmer Tom asked, "Can you pick turnips to feed my cows?"

Of course, we were all eager to pick the turnips!

Just look at some of these turnips!

Now we went to meet the oxen and cows.

Guess what we fed to these animals? Turnips!

We picked pumpkins in the field.
Who has the best pumpkin in the patch? We all do!

Then it was on to the maze...
What fun it was to march around the hay bales!

The morning class ate snack in the sugar-house.
Farmer Tom explained how the yoke on the oxen works.

The afternoon class rested while waiting to go back to school.

We measured and compared our pumpkins at the math center.

Finally, we decorated our pumpkins and took them home.

Look at our masterpieces!
